

ENDODONTIC SPECIALTY

Dr. Batniji & Associates

Diamond Bar (909) 396-9944 • San Dimas (909) 592-9197
Rancho Cucamonga (909) 945-5008

Thursday, October 18, 2018, 6:00pm - 9:00pm

Dr. Batniji Study Club will have our very own Dr. Raaed Batniji speak about Utilizing CBCT Imaging in Endodontics and we would like to invite you and your licensed staff to this free event. Three Continuing Education Units will be available following the lecture.

Location: Diamond Bar Center | 1600 Grand Ave. | Diamond Bar, CA 91765 | 909.839.7070

UTILIZING CBCT IMAGING IN ENDODONTICS

Cone Beam Computed Tomography is an innovative medical imaging technique that provides endodontists with three-dimensional views of oral lesions, canal morphology, retreatment cases, and root fractures. It also enables to capture multiple angulated planes in detail allowing the evaluation of each root. CBCT greatly enhances the endodontist's ability to accurately diagnose and evaluate, improve treatment planning and provide better care for patients.

In this presentation, Dr. Raaed Batniji will share cases where traditional two-dimensional intra-oral imaging may not have provided enough information needed for the proper treatment or diagnosis. These cases will show the application of the additional information gained by three-dimensional imaging to perform Endodontics in a manner with more predictable outcome.

RAAED BATNIJI, DMD - SPEAKER

Dr. Raaed Batniji received his DMD degree from Boston University in 2006. He practiced general dentistry for several years before furthering his education at the University of Southern California, Herman Ostrow School of Dentistry where he completed his residency in Advanced Endodontics in 2012 and then joined the family practice, Endodontic Specialty. He directs most of his time to treating patients in the Rancho Cucamonga and San Dimas locations.

Dr. R. Batniji conscientiously devotes some of his time teaching in the Advanced Endodontics Department at USC working with both graduate and undergraduate students. He maintains membership in the American Association of Endodontics, California Dental Association and the American Dental Association.
